

® Knowledge Beyond Measure.

Certification Professionals

Your Professional Trade Deserves Professional Grade

In clean rooms, laboratories, and areas containing chemical fume hoods, biological safety cabinets and industrial hoods, it is critical to maintain proper air velocities and air volume levels. As an industry leader for certification instruments, consider TSI as your one-stop shop for the equipment you need to take accurate measurements. You can be confident TSI's instruments are:

- Highly accurate
- Built to handle various jobs
- Designed to take a wide variety of measurements

Recommended Kit

- Alnor® EBT731 Balometer® Capture Hood with the Biological Safety Cabinet Hood and Frame Kit
- AeroTrak® Portable Particle Counter 9510
- VelociCalc® Multi-Function Meter 9565-NB with the Thermoanemometer Articulated Probe 966
