4	3/8" - 16 x 0.75" Hex Bolt	
4	3/8" Sealing Washer	
4	3/8" Nut	

## Tools Needed for Installation

- 5/32" Ball Driver or Allen Wrench.
- Wrench with extension and 9/16" deep wall socket.
- 5/16" Nut Driver
- Flat blade screwdriver

## Assembling and Installing the Pole Mount (854031)

1. Attach the pole mount bracket to the cross bars using a 5/32" ball driver, 1/4" screws, washers, and locknuts.

2. Attach the pole mount to 4 locations on the environmental enclosure using the provided 3/8" screws, washers, and nuts.

3. Run hose clamps through the pole mount slot as shown. Leave the ends of the hose clamps disconnected (enclosure not shown). If pole diameter is not between 4" to 6-1/8", appropriate size hose clamps may be purchased at a local hardware store.

4. Position the enclosure and attached pole mount against pole at the desired height and tighten hose clamps using a 5/16" nut driver.
