

# TSI PRODUCTS OFFERED WITH ISO 17025 ACCREDITATION

TSI is excited to announce the addition of ISO 17025:2017 accreditation for select branded ventilation test instruments.

ISO 17025 accreditation is a globally-recognized benchmark for precision, accuracy, and reproducibility of analytical results. It is an international standard used as a means of determining the technical competence of laboratories to perform specific types of testing, measurement and calibration.

TSI offers accredited calibration for the following parameters:

- + Velocity
- + Temperature
- + Humidity
- + Differential Pressure
